

Michael Felton, MD

Medical Director, Nouveau Visage Anti-Aging Center & Med Spa

Dr. Felton has been in practice in Acadiana since 1990 and has had a thriving private practice for more than 25 years. He is a multitalented physician who is board certified in Aesthetic Medicine, Family Practice, and Hyperbaric and Undersea Medicine.

He is on teaching faculty at Louisiana State University Medical School and Tulane University Medical School instructing both medical students and resident physicians in his areas of specializations. He is also a clinical preceptor for the nurse practitioner programs at the University of Louisiana, Northwestern State University, and Southern University.

As an expert in Aesthetic Medicine, Dr. Felton has lectured thousands of physicians worldwide in various areas of aesthetics, including laser skin care, facial fillers, Botox, chemical peels and mesotherapy. Recognized as an international expert in the care of pigmented skin, Dr. Felton has presented at the 9th, 10th, and 13th International Congress of the Academy of Aesthetic Medicine, which is the ONLY world recognized body to offer certification in aesthetic medicine. In recognition of his years of exemplary work in Aesthetic Medicine, Dr. Felton was elected chairperson of the 13th International Congress by his peers in the field, an honor no other physician in Louisiana has ever received. Additionally, he has been selected to the international teaching faculty of the A3M and will be traveling the world training new physicians in Aesthetic Medicine. Currently Dr. Felton concentrates his Aesthetic practice at Nouveau Visage Anti-Aging Center & Med Spa located in Broussard, LA at 6703 Ambassador Caffery Parkway.
