

Putri Sarah's Bio

**Option 1 : (long version)**

Dr. Putri Sarah

Aesthetic & Regenerative Medicine Doctor – Jakarta, Indonesia

Dr. Putri Sarah is a medical doctor specializing in aesthetic and regenerative medicine. Currently practicing in Jakarta, she combines clinical expertise with evidence-based practices to deliver personalized treatments in facial rejuvenation, injectables, skin boosters, and anti-aging protocols.

She is currently pursuing a Master's degree in Anti-Aging and Aesthetic Medicine and holds multiple certifications in botulinum toxin, dermal fillers, threadlifting, microneedling, and body shaping. Dr. Sarah is an active participant and paper presenter at national and international congresses, with research interests including secretome-based therapies, collagen biostimulators, and metabolic modulators for skin aging.

Her clinical work reflects a commitment to safe, innovative, and scientifically grounded practices in modern aesthetic medicine.

**Option 2 (shorter)**

Dr. Putri Sarah is a medical doctor based in Jakarta, specializing in aesthetic and regenerative medicine. With a focus on evidence-based treatments, she actively participates in national and international congresses while pursuing her Master's in Anti-Aging and Aesthetic Medicine.
