

## **Enrique Monasterio, MD**

Enrique Monasterio, MD is one of the leading specialists in non-surgical enhancements in South Florida. He is a respected physician who has operated a private practice in Miami for nearly twenty years and was Medical Director at South Miami Hospital for nearly fourteen years. He has trained in the U.S. and Europe (France and Spain) in aesthetic medicine. Dr. Monasterio lectures nationally and internationally and is a member of the French Society of Mesotherapy, a distinction he shares with only two other physicians in the United States, and the only one with that distinction in Florida. Dr. Monasterio's vast experience with Botox transcends the FDA's initial approval for cosmetic use and he is also a speaker and physician trainer for Allergan, the manufacturer of Botox.

Dr. Monasterio's vast experience and training offers his clients an overall wellness formula that combines his knowledge of Botox, Mesotherapy and Anti-Aging Medicine, exercise and nutrition, and cosmetic enhancements, to create a unique product for health-minded individuals who want to improve or maintain their physical appearance, as well as achieve an optimal quality of life.
