

Dr. Nadine Hamada

Dermatologist, Laser Specialist
Cairo, Egypt

Dr. Nadine Hamada Moustafa, is a Dermatologist and Laser Specialist with more than 11 years of experience in the field of dermatology and aesthetic medicine. As soon as she graduated from the Medical School of Cairo University, she focused on enriching her medical knowledge, so she got her master's degree in Dermatology. Her growing interest in aesthetic medicine inspired her to do more, so Dr. Hamada took a post master's courses in both lasers and cosmetic dermatology at Cairo University. To further enhance her aesthetic knowledge, she acquired a laser degree through the National Institute of Lasers (Cairo University). Still passion-driven, she joined the American Academy of Aesthetic Medicine (AAAM), and became AAAM Board Certified in 2015, and was at the top of her class. Her impressive academics, along with her great passion for teaching, landed her as a proud member of AAAM's International Faculty.

She started her professional journey as a dermatology resident at Maadi Armed Forces Hospital, one of the top hospitals in Cairo. She trained and was guided by many visiting experts in their field from the USA and Europe. At the same time, she started her aesthetic profession by joining the Cairo Laser Centre, which was established in 1997 and is known for being one of the first & leading laser centers to launch in Egypt and the Middle east. Utilizing her professional expertise and academic knowledge, she co-founded and managed Bright Skin Center-Dokki for laser and aesthetic medicine. Following its great success, she co-founded Elle Cosmo Clinics, which specializes in laser, aesthetic medicine, and plastic surgery in 2018 and is also the managing director.

Dr. Hamada also participates as a trainer and a speaker of aesthetic medicine in many national and international conferences and courses. She is a member of both the "European Society of Lasers and Light Base Devices" and the "Egyptian Academy of Dermatology and Venereology." Self-motivated by nature, she travels around the world eager to learn more about Aesthetic medicine updates, thriving to fill her ongoing ambition and self-development.
